# WE INTERRUPT THIS PROGRAM

## THE SHOW

We interrupt your regular program of homophobic and stereotyped images to bring real lesbians in all our diversity. While the right wing uses cable television to advance its homophobic agenda, Dyke TV counters their messages by putting images of lesbians by lesbians on the air.

### DYKE TV IS CHANGING TV.

We produce a provocative and savvy monthly cable show, created by a pioneering network of producers and activists.

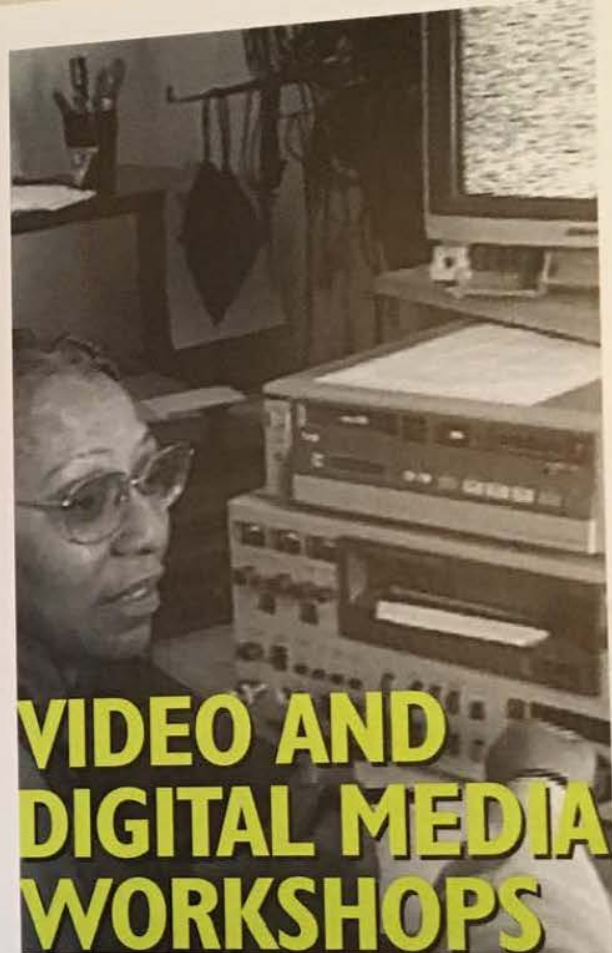

Dyke TV is the only lesbian cable access television show that airs nationwide, and it is produced entirely by volunteers—both professionals and DTV students.

We receive letters, faxes and e-mail from new viewers across the country, thanking us for putting lesbians on TV. Writer Joan Nestle has praised Dyke-TV for our "...crucial work of making sure lesbians have a place to see and hear themselves in the most popular medium of any century." For some women living in isolation, the show is a lifeline to other lesbians.

## ARTISTS-IN-RESIDENCE

Our mission is to support and promote the artistic and activist expressions of lesbians through a variety of media. Our Artist-in-Residence program provides access to equipment, fiscal sponsorship, and technical and administrative support to lesbian media makers. Their completed work is broadcast on our national television show and some productions, such as *risk: Lesbians and AIDS*, are distributed individually. Please contact our office for a list of these productions, or if you would like more information about the Artist-in-Residence program.

Dyke TV provides hands-on intensive workshops in video and multi-media production. We teach all aspects of video production and post-production. We also offer Internet and digital media workshops that include everything from Basic and Advanced Web Design, to Interactive Computer Programming, Introduction to the Internet and Non-Linear Digital Editing.

These workshops help us to fulfill the skyrocketing demand for Internet and digital media skills in the women's and g/l/b/t communities, and to encourage and facilitate the continued development of Dyke TV as a lesbian media arts resource center.
