"...the lesbian hut in the global village."

## Because If We Don't Put Ourselves On The Air *Nobody Else Will*

### News and Features You Won't See Anywhere Else!

20,000 dykes march through the streets of Washington...Ocean Springs, Mississippi holds its first ever gay pride march...Dykes from across the country converge on Tampa when the home of a lesbian with AIDS is firebombed...Lesbian rugby players take you up-close and behind-the-scenes...Lexa's Lesbian Love Signs reveal the true passion of crystals.

These are just a few of the segments that have aired on DYKE TV. Upcoming shows will feature an interview with writer Dorothy Allison, reports from The Gay Games and Stonewall 25, national anti-gay ballot measures, plus Notes from the Lesbian Herstory Archives, late-breaking news, the hottest gossip and much more.

### This is TV That's Way Overdue...

DYKE TV is the only all-lesbian show of its kind in the history of television. Think about that. It's 1994. Television is over 50 years old. We've endured decades of TV invisibility, stereotypes, and distorted news coverage. Our realities, our expressions, our images have been systematically shut out. Because TV has become such a powerful medium, our TV invisibility contributes to our invisibility in society.

*This can change, but only if we work together to make it change.*

DYKE TV is already making it change, working as activists and setting up a network that puts us on the air--across the nation. Dyke cameras are everywhere! Correspondents are in place in Denver, New Orleans, Atlanta, Boston, Chicago, London and Moscow. And this is just the beginning--more correspondents are anticipated and many areas are working to get DYKE TV on their local cable.

Denver PBS, Manhattan, Brooklyn, Cambridge, Northampton, Austin, Dallas, Atlanta, Washington, DC., Fayetteville, AR and San Francisco AND COMING SOON TO New Orleans, Yellow Springs, OH, Chicago, Seattle and a tv near you!

## Grassroots Power and Lesbian Talent Galore!

DYKE TV exists because of volunteers, because scores of lesbians have given enormously of their time and talent. DYKE TV is sharpening the edge, expanding the form of TV programming, committed to reinventing television for the lesbian nation.

Subversive, informative, and entertaining, DYKE TV is a fluid, exciting process, tapping into resources and building the foundation for a responsive and responsible forum for the entire community. How about some specials, some spin-offs? Hey, how about a DYKE TV Network? The possibilities are endless, but...

### WITHOUT YOUR HELP, DYKE TV WILL BE OFF THE AIR SOON!

*Funds are running out!*

Not surprisingly, DYKE TV has not been the recipient of large, prestigious grants. If not for the power of the community, DYKE TV would not be on the air in the first place, and it won't stay on much longer without your help. We can do it the way we've done so many other things--by a lot of dykes giving what they can, whether it's a little or a lot.

The medium of television is exploding -- information highways, interactive TV, 560 channels of non-stop images. Our images won't be among them, if we don't put them there. If we're going to have a "hut in the global village," we'll have to build it ourselves, maintain it ourselves, and expand it ourselves.

*Now's the time --  
the possibilities are too exciting  
to let slip away.*
